TOWN OF CENTER HARBOR

TOWN WARRANT

State of New Hampshire

To the inhabitants of Center Harbor qualified to vote in town affairs:

You are hereby notified to meet at the Town House in said town, on the second Tuesday of March next, at ten of the clock in the forenoon to act upon the following subjects:

- 1 To choose a clerk for the ensuing year.
- 2 To choose three selectmen for the ensuing year.
- 3 To choose all other town officers.
- 4 To see if the town will vote to elect one or more road agents, not exceeding three, or instruct the Selectmen to appoint an expert highway agent.
- 5 To see how much money the town will vote to raise for current expenses.
- 6 To see how much money the town will vote to raise to repair highways and bridges.
- 7 To see if the town will vote to raise money to defray expenses of Memorial Day, and if so, how much.
- 8 To see if the town will vote to raise money to defray expenses of electric lights in Center Harbor Village and if so, how much.

TOWN OF CENTER HARBOR

9 To see if the town will vote to accept State aid for improvement of highways and raise money for same and if so, how much

10 To see if the town will choose an agent to care for the fountain at Center Harbor Village.

11 To see if the town will choose an agent to care for the cemetery on Center Harbor hill.

12 To see if the town will vote to authorize the Selectmen or Road Agents to either buy or hire a team to be used on the road machine for spring work.

13 To see if the town will vote to authorize the Selectmen to hire money for town purposes.

14 To see if the town will vote to raise the sum of five hundred dollars for repair of highway leading from Town House to Waukegan Bridge.

15 To see if the town will vote to raise the sum of two hundred dollars for repair of highway leading from Hawkins' Bridge to Piper Hill.

16 To see if the town will vote to raise the sum of fifty dollars for ladders and equipment of Fire Station.

17 To see if the town will vote to allow the committee appointed in 1919, or any hereafter chosen, to use, if deemed advisable, the money raised for construction or repairs on a wharf, for any wharf to be built on Lake Winnepesaukee in the town of Center Harbor.

18 To choose committees and agents in relation to any article in this warrant and hear report of any here before chosen.

Given under our hands and seal this 11th day of February, 1920.

Memorial exercises were held at Lamprey's hall at 2.00 o'clock Thursday, May 29th. Mr. C. P. Jameson of Winona gave the invocation, followed by the Gettysburg address by Miss Lavinia Lovett, after which an excellent program was given by the schools. Mrs. A. I. Simonds sang "The Star Spangled Banner," Miss Lovett gave a reading, which was encored. Rev. Otto E. Duerr, of Laconia, was the orator of the day.

Mr. Duerr being an enthusiastic war worker, touched upon the several wars and their effect upon the people and countries. He also spoke most eloquently to the veterans of the World War, most of those who had returned being present. After a selection by the band Rev. Mr. Duerr presented medals to the World War Veterans present, for the town. Those who were not present received them through friends or by mail.

Those in the service from Center Harbor were Raymond E. Kelley, Frank C. Greene, Ralph W. Boynton, Leon W. Simpson, Edward Day, Leon Hawkins, Shirley F. Bickford, Edward E. Webster. Carl Swinnerton, Noyes Sanborn, Berne H. Leighton and Everett L. Hubbard.

None of these young men were wounded and all have since returned. The exercises closed by the singing of America by all present.

The graves in Pleasant View Cemeteries were decorated by the Veterans, assisted by the school children, escorted by the band. Elmer Huntress played the reveille. After returning to the square the band gave an open air concert.

TOWN OF CENTER HARBOR

The State of New Hampshire

To the inhabitants of the School district in the town of Center Harbor, qualified to vote in district affairs; you are hereby notified to meet at the Town House in said district on the 16th day of March, 1920, at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of Agents, Auditors, Committees, of officers chosen, and pass any vote relating thereto.
6. To choose Agents, Auditors, and Committee in relation to any subject embraced in this warrant.
7. To see how much money the District will raise, and appropriate for the support of schools.
8. To see how much money the District will raise, and appropriate for High School Tuition.
9. To see how much money the District will raise, and appropriate for salaries of District Officers.
10. To see if the District will vote to make up a deficiency appropriation from Jan. 31st, 1920, to Aug. 31, 1920, if so how much.
11. To see if the District will vote to procure land for a school house lot at West Center Harbor—build a school house thereon—raise money for the same, and if so how much.

TOWN OF CENTER HARBOR

12 To see if the District will vote to hire money for District purposes.

13. To act upon any other matter that may legally come before the meeting.

TOWN OF CENTER HARBOR

Report of School Board

To the Citizens of Center Harbor:

Your School Board has given careful attention to the complex and important duties of their office, and have endeavored to meet the reasonable expectations of the Public, within the limitations of the Law, and means at their disposal.

While this is not the closing of the School year, it is my pleasure, as Chairman, in behalf of the Board, to submit to the Public, a History of the School life of Center Harbor for the last year and note marked changes.

Our teachers have been of the progressive type, and we believe they have exercised their best diligence for the interests of the pupils, and their work has been such as to merit the approval of all.

There has been an entire absence of friction in the School work, which so often mars, and impairs progress; and for the most part, harmony has prevailed in the schools, and as we believe, with good results.

It was with regret that some of our teachers, who have taught many terms in Center Harbor, were not candidates for re-election. Permanent teachers come to know the peculiar needs of the people and acquire skill in their work, while frequent changing (most invariably) impairs a school

TOWN OF CENTER HARBOR

progress, for a time at least. Frequent change of teachers should be avoided as far as possible, as a competent teacher's efficiency must necessarily increase as she becomes familiar with the conditions among which she is working.

In this new era in which we are living, and with the advanced prices on all lines pertaining to school maintenance, as well as upon other lines, necessarily make the standards we aim to reach high, and cost heavily. But it would seem the opportunities and uplift, are worth the price.

The finished products make it possible to enter any high school, and it is all free for the asking, to the child who is willing to seek for it.

The esprit de corps of the system in all its individual parts is commendable, and appreciated by those in authority.

Plans are under consideration for the inauguration of a Graduation Day at the close of the spring term. The child who does not look forward to promotion is an exception; we believe it would awaken a desire to accomplish something worth while—to complete the course of study, and to achieve the honors of graduation, and stimulate them to enter high school.

We believe that if a system of school records with promotion features could be established, it would go far in inspiring the application of the pupils to their work.

We believe that the maintenance of such new features and the preparation of examinations, would accomplish something in sustaining the work of the teachers and induce the pupils to attain their greatest possibilities. Such features would be the great feature of the system—the gala day—to

TOWN OF CENTER HARBOR

which all pupils should look forward to with an aspiration for becoming a part thereof.

Examinations make extra work, yet they are the means of stimulating the children to learning lessons thoroughly; they are the stepping stones by which the scholars pass on to complete accomplishment—and spur them on to acquire the ability to enter high school. They promote accuracy and intensify application, and are the means by which the standards of the work are to be accomplished.

And as education is the pathway to higher life and becoming more—instead of less—valuable with the lapse of time, we would urge the parents to send their children to high school; let them have the companionship and broader mode of study they find there, which is so essentially necessary to cope with the onward rush of civilization, and to meet the demands of the great chain of industrialese, new enterprises and developments, which is being forged. The general work of the high school is such that they will be better fitted for the walks of life and the school will certainly do much to enlighten the home—a deserved good word from those who have received its benefits is very beneficial in building up a school.

In schools where the grades are undivided and where there are six to eight grades, it is a burdensome task for teachers to distribute justice equally. They cannot give undue attention to one class to the neglect of others and at the same time obtain good results. Every means should be taken to encourage and help the teachers. Parents and friends of the pupils are very cordially invited to visit and inspect the

TOWN OF CENTER HARBOR

work of our schools—parents especially owe it to their children to familiarize themselves with the place where they spend so much of their time.

Compulsory Supervision.

I think I may say we are in sympathy with the sentiment which has placed upon our statutes a law which marks such an advance in educational interests. The awakening of a desire to accomplish something worth while—to distribute justice equally—that the child of the remote or rural district may have equal advantages with the child of the village or city schools; also an equalized number of weeks of schooling with the system of placing a competent, well qualified superintendent at the head who has had special training and must necessarily make school work a specialty, and cannot be engaged in other work. We believe if the law is carried out with its true intent and meaning, much benefit will be derived therefrom.

In compliance with the laws of the last session of the Legislature, your School Board, in conjunction with several Boards of District No. 39 nominated William H. Buker to act in the capacity of superintendent, who was afterwards elected by the state; who for the short space of time to get familiarized with his duties seems to be working on the right lines, and who is not just going to; but does DO THINGS.

Transportation

Transportation problems are perplexing. We have endeavored to solve them, keeping in mind both the financial interests of the town and the just claims of those living remote from school privileges.

TOWN OF CENTER HARBOR

TRUANCY—one of the delicate matters with which a School Board has to contend—we have endeavored to enforce with firmness, and kindness. However, there has been very little truancy.

We hear it remarked that that which was good enough a half century ago is good enough today. Old systems are disappearing, new ones are taking their place, and the time is at hand when it is necessary to strive for that which is best, to express that spirit of today which must be reckoned with to keep in touch with the onward march of civilization. The strength, and progress of our country depends largely upon the education of the masses. In marked contrast to the time when our forefathers first touched upon the shores of America three centuries ago, to the present time, the field of education has so broadened and offers up such opportunities that it is possible for most all to secure an education who desire to enter the field—not only Center Harbor but the country generally. Very generously responds to the call for large sums of money which are annually expended for the support of schools and the large sums so expended should be an incentive to the parents to see that their children receive the maximum of education as a preparation for useful, successful, well-balanced lives.

We recommend that the District raise the following sums for the years 1920, ending Aug. 31st, 1921:

For the support of schools a \$5 tax on the 1920 inventory for High School tuition	\$900.00
For District Officers' salaries	200.00

TOWN OF CENTER HARBOR

For a six months' appropriation to meet the expenses from Jan. 31st. to Aug. 31st., 1920 1,800

The last mentioned appropriation is to make up a deficiency in accordance with the public statutes.

Estimated expense for the year ending Aug. 31st., 1920:

Teachers' salaries	\$1,726.00
District Officers' salaries	100.00
Superintendent's salary	287.00
Janitors' salaries	100.00
Text books and supplies	170.00
Tuitions	900.00
Transportation of pupils	630.00
Repairs	540.00
Fuel	200.00
Medical inspection	50.00
Miscellaneous	100.00
	<hr/>
	\$4,803.00

We believe that education in its beneficent light and efficiency stands at the head of all legacies we can leave our children, for an education once obtained CANNOT be taken from one, and stands through life. What more appropriate then, than to give them every advantage possible and bestow upon them charity—that kind of charity which extends beyond the act of almsgiving. We very cordially invite the ladies generally throughout the town to exercise their privilege and attend the annual school meeting. Thanking the public for their co-operation and support, and hoping we have ac-

TOWN OF CENTER HARBOR

complished that for which we were elected, we very respectfully submit the foregoing report.

WILBUR L. WHITE,
LILLIAN M. HANSON,
CHARLES P. JAMESON,
School Board

Annual Report of the Superintendent of Schools.

To the Members of the School Board and Citizens of Center Harbor:

I herewith submit my first annual report to the School Board and Citizens of Center Harbor. I trust that I may call to your attention some of the most important events which have taken place during my short term of office.

On March 28, 1919, the New Hampshire legislature enacted one of the most progressive educational laws on record. I will call to your attention three of the sections that directly affect Center Harbor.

"Each school district in the state shall pay to the state treasurer on or before December first in each year, as its share of the expense incident to the state wide supervision of the public schools, a sum equal to two dollars for each child residing in the district who was enrolled in the public schools in the last preceding year, and the selectmen shall annually assess upon the value of the ratable estate of the district a sum sufficient for this purpose. This sum for Center Harbor was \$162. This will, of course, vary from year to year."

"The selectmen in each town shall assess an annual tax of three dollars and fifty cents on each thousand dollars of

TOWN OF CENTER HARBOR

the value of the ratable estate therein for the support of the public schools."

"A standard school as that term is used in this act is one (1) maintained for at least thirty-six weeks in each year, (2) in a suitable and sanitary building, (3) equipped with approved furniture, books, maps and other necessary appliances, (4) taught by an approved teacher, (5) directed and supervised by an approved superintendent, (6) with a suitable provision for the care of the health and physical welfare of all pupils." By this section Center Harbor has been obliged to increase the length of its school year, purchase extra textbooks and appliances, repair the village building (the repairs of the other two buildings are now pending), elect a superintendent of schools and a school physician. Dr. I. B. Morrill has been elected as school physician.

Teachers:

Much has been said within the past year concerning the teacher shortage. It seems to me that the district should be informed on this important question. The latest report of the National Education Association states that, "There are 100,000 teaching positions, vacant or filled by teachers below standard in this country, a 20 per cent decrease of attendance at normal schools and teacher training schools. There are 650,000 teaching positions in the public schools of the United States, 35,000 vacancies and 65,000 teachers below standard. And the serious part of these facts is that the greatest number of these inefficient teachers are found in the rural schools. The states and towns that are paying the highest salaries have the most nearly adequate supply of teachers."

TOWN OF CENTER HARBOR

From a report of nineteen superintendents in New Hampshire, I have found that 19 per cent of their teachers left the profession last year, 27 per cent entered in September, 1919, and still there was a 14 per cent shortage. There are from 70 to 80 schools closed in this state today for lack of rural teachers. Six of these superintendents report that lower qualifications have been accepted, nineteen state that teachers' salaries have not increased in proportion to the cost of living, eighteen report that prominent young men and women are not attracted to teaching as in the past. The directors of the Normal Schools state there are only 80 teachers who will graduate this June and there will be only a possible one hundred who will return from other states in the fall. Every year, four to five hundred teachers leave the profession. Thus, New Hampshire faces a shortage of three hundred teachers before Sept. 1st.

What is the solution?

(1) The towns and state must provide a wage large enough to induce the most promising young men and women to the profession, (2) suitable living conditions must be provided for our teachers, (3) suitable buildings in which to teach, (4) a greater respect for the profession should again reappear, (5) consolidation of many rural schools.

The present teachers are: Village, Hazel Davis, Plymouth Teachers' Course, salary \$650; Town House, Marion Hubbard, Plymouth Summer School, salary \$500; West Center Harbor, Mrs. Elena Smith, State Certificate, salary \$576.

Repairs:

In August, one of the state deputies of the Department

TOWN OF CENTER HARBOR

of Education made, with your superintendent, a general survey of the schoolbuildings. After reporting the results of this survey to the schoolboard, it was decided to begin at once and put the buildings in condition, as far as possible, with the limited amount of time that we had.

The lighting in the village building was changed to meet with the regulations sent out by the State Board. This meant not only increasing the glass area but painting the rooms. And, in order to have an adequate heating system, it was decided by the local board that a jacketed stove was needed. During the coldest days that we have had, the temperature has always been normal. The citizens, who have not visited this school, should endeavor to do this, for the district has a model room.

As the district rented the smaller room of the village building, it was necessary to make several changes in the lighting system. The school district will receive \$72 per year for rental.

At the West Center Harbor schoolhouse, the superintendent and the Board did not think it wise to spend a large sum of money in trying to make this building sanitary and satisfactory to the school officials of the town and the state. It is the personal opinion of your superintendent that this section of the town needs a new building and a different location. I recommend that an article be placed in the school warrant to see what action the district will take concerning this question.

It seems to me that the children from the townhouse school district should be transported either to the village or

TOWN OF CENTER HARBOR

to Meredith, if Meredith would admit them, as this town-house school building needs extensive repairing and then again, there is no chance for a playground on this lot.

Transportation:

H. J. Bryant was secured to transport two pupils to the village school and Elmer Horne to carry the pupils in his section of the town to the same school. Pupils residing outside of the two-mile limit from any school may be carried if so desired by the parents.

School Lunches:

As many of our pupils are obliged to bring their lunches with them, it is desirable that means be provided the coming year so that all of these pupils may have the chance of a hot lunch. At the village school, through the assistance of the Red Cross, this has been done this winter. I wish to thank the members of this organization for its excellent co-operation. Lacking the room and equipment but little could be done at the other schools.

School Census and Statistics:

Whole number of children enumerated, 5 years of age or older, and under 16, Sept. 30, 1919:

Boys	53
Girls	32
Total	85
Number registered as members of the local schools	76
Number enumerated as attending high school or academy	9

TOWN OF CENTER HARBOR

Number of resident children	68
Number schools maintained the past school year, 1918-1919	3
1918-1819	3
Average membership	41
Agregate number of weeks	90
Per cent of attendance	91
Number of cases of tardiness	70 (very good)

Tuition pupils at Meredith high school: Edith Barrett, Maurice Bickford Blanche Bickford, Elsie Davis, Eric Davis, Stuart Davis, Helen Kelley, Russell Lunt, Abbie Perkins, Thane Preston, Dorothy Simpson, Henry Izart.

At New Hampton Literary Institution: Lester Swinner-ton, Alberta Blake.

At Tilton Seminary: Hazel Bennett.

At Hanover School District: Perley Preston.

The school physician has submitted to your superintendent the following report:

Number of pupils eexamined	45
Number of pupils with defective teeth	20
Number of pupils with hypertrophied tonsils	8
Number of pupils with gland disease	3
Number of pupils unvaccinated	1

One can readily see that there are over 40 per cent of our pupils who need to have their teeth attended to at once.

In closing, let us make our schools the best of any rural town in New Hampshire. More money should be spent for public education than for any other civic line of activi-ty. The product of this large corporation is the trained boy

TOWN OF CENTER HARBOR

and girl for intelligent citizenship. Before us we have the most complex problems the world has ever had to solve. Our local, state and national democracy depends upon the products from the public schools. Yet, too little interest, as statistics show, has been given towards these future citizens, along moral instruction, proper social ideas, individual physical growth and the principles of Americanism.

May teachers, parents and pupils continue to co-operate as they have in the past few months with the school officials, to give the boys and the girls of this town equal advantages, and greater, if possible, than any other rural town of the Granite State.

Respectfully submitted,

William H. Buker,

District Superintendent of School Union No. 39.
